

Managing a company

- Overview - AU

The client **Corporate admin** page is where you'll manage your client's company.

The **Overview** tab contains a visual diagram of a company and their major associates. It quickly shows you who is a director, shareholder or both, and the percentage of ownership.

For more detailed information, you can use the following tabs to view the company's registration, officer and share details.

- [Organisation - AU](#)
- [Officers - AU](#)
- [Shareholders - AU](#)
- [Dividends](#)
- [Charges - AU](#)

The information on these tabs is read-only. So to make a change to a company's details, you'll need to prepare and lodge the relevant ASIC form.

Click [Company forms](#) to view, prepare and lodge a form to ASIC from MYOB Practice.
