Introduction

Welcome to the 2018.1.3 release of MYOB Advanced.

What's New in this Release?

The 2018.1.3 release is a hot fix release, addressing issues identified in previous releases.

Installing this Release

The 2018.1.3 release is automatically deployed to all production accounts.

Note: An updated licence is required to enable configuration options for the new features. While accounts in our managed environment will have their licences updated automatically, a local installation must be updated manually by navigating to the Licence Maintenance (SM.20.15.10) form and clicking the **Update Licence** button.

Resolved Issues

The following tables detail the issues that are addressed by this release.

Finance

Problem ID	Description
162525014626 162918787611 162662896396 162662896392 162662896380 162662896368 162662896356 162662896352 162662896340 162662896328 162662896316 162662896312 162662896308 162662896296 162662896284 162662896271 162662896194 162662896172 162662896168 162662896156 162662896144 162662896131 162613525420 162613525416 162613525411 162662895641 162570224160 162570224156 162570224151 162428010665	The Business Activity Statement Report (MBTX6011) and Goods and Services Tax Return (MBTX6000) showed the amount for all companies in the tenant, instead of showing a separate amount for each company. This has been resolved.
161445431496 162870278521 161077141551 160585117059 161729286831 161708848061 160527119891	The Email Dunning Letter process could send out reports that contained incorrect information (the Print Dunning Letter process showed the correct information). This has been resolved.

Distribution

Problem ID	Description
-	In some cases, the Email Order process could send out email that had the wrong sales order attached. This has been resolved.

System and Platform

Problem ID	Description
162565845328 162519116931	Users of the customer portal incorrectly received notifications about signing up for Secure Authentication. This has been resolved.

Known Issues

The following known issues and breaking changes have been identified in this release.

Partner users visible on some forms

User accounts with the licence type MYOB_Partner and the Admin account used exclusively by MYOB are hidden from all other users; they do not appear on user selection lists. However, these user accounts will appear in selection lists on the following forms:

- Event > Attendees (CR.30.60.30)
- Role List (SM.65.10.00)

Error message when switching tenants

The error "{ \"Message\": \"Unauthorized request.\"}" appears when switching tenants from the User dropdown at the top right of the screen. To change tenants, the user must log out and then log in to the new tenant.
