4

1

Bill to

The primary or billing contact on this MYOB account and the billing address.

2

Account Details

Your account name, Client ID (CID) and the serial number of the primary MYOB subscription on this account.

Also the invoice number and key dates related to this invoice.

3

Account Summary

Your opening and closing balances with any payments or credits applied since the last invoice.

If you have a direct debit, we'll automatically deduct this amount on the due date.

4

Personalised Message

Important messages related to your MYOB account will appear here, such as overdue notifications.

5

How to pay

Your convenient payment options. We recommend setting up a direct debit to take the hassle out of paying and ensure payments are on time.

Summary of Charges

An overview of your primary practice charges and practice charges for other branches/ practices plus client subscriptions that you pay for.

Qty, is the number of units. If Qty is 2 or more, this is a variable usage charge. E.g. based on the number of employees you've paid in a month.

Parent Charges Breakdown

Charges for your individual practice solutions. Each module is shown separately with associated charges or discounts listed below them.

Parent Child Breakdown

Charges for MYOB solutions for any other branches/practices you pay for. Each module is shown separately with associated charges or discounts listed below them.
